

CORE Communities Work Group Meeting

Meeting Agenda

Friday, November 13, 2020

12:00 noon – 1:30 p.m.

WebEx Call

Host Community: Town of Cary

1. Welcome ~5mins.

Town of Cary

2. Introductions and Meeting Overview ~10 mins.

Lindsay Whitson, Senior Planner, TJCOG

3. 2050 Metropolitan Transportation Plan (MTP)

John-Hodges Copple, Planning Director, TJCOG

The MTP is the long-range plan for transportation improvements across the region - a coordinated effort between the Capital Area and the Durham-Chapel Hill-Carrboro MPOs. John Hodges-Copple will provide an overview of the 12 steps to create the 2050 MTP and the framework for development and mobility investment scenarios that will be crafted in the first half of 2021. Given the centrality (both literally and figuratively) of the CORE area, participants will be asked about elements they would like to see examined in one or more scenarios.

4. Transportation Demand Management (TDM)

Sean Flaherty, Principal Planner, TJCOG

An overview of what is new and current project updates regarding TJCOG's TDM program.

5. Commuter Rail Project and Regional Transit Center relocation

Jay Heikes, Senior Transportation Planner, GoTriangle

GoTriangle, in partnership with STV Engineers Corp. and TJCOG, are performing pre-planning work for the Greater Triangle Commuter Rail Study. Updates will be provided on the status of the commuter rail study in addition to a status update of the Regional Transit Center relocation study.

6. Presentation from Research Triangle Park Foundation (RTF)

Scott Levitan, President/CEO, Research Triangle Park Foundation

Scott Levitan will share the most recent growth plans and announcements taking place in Research Triangle Park, in addition to RTF's strategic regional initiatives.

7. Community & Organizational Updates

Meeting Participants
