

**Triangle J Council of Governments  
Chatham County Assistance Policy  
For the 2021 Cycle of the  
Essential Single-Family Rehabilitation Loan Pool**

**What is the Essential Single-Family Rehabilitation Loan Pool?**

Triangle J Council of Governments has been awarded Membership by the North Carolina Housing Finance Agency (“NCHFA”) under the 2021 Cycle of the Essential Single-Family Rehabilitation Loan Pool (“ESFRLP”). This program provides Members with funds via a “loan pool” to assist with the rehabilitation of moderately deteriorated homes that are owned and occupied by lower-income, special need households. ESFRLP assists eligible households by facilitating aging in place, meeting minimum housing code requirements, promoting long-term affordability, lowering operating costs, and stabilizing pre-1978 homes that include children aged 6 or under whose health is threatened by the presence of lead hazards.

Triangle J Council of Governments (Triangle J) has been allocated an initial set-aside of \$190,000 which it plans to apply toward the rehabilitation of five houses in Chatham County. After demonstrating successful use of this allocation, the County may access additional funds, when available, on a unit-by-unit basis from the ESFRLP loan pool to assist additional homes.

This Assistance Policy describes who is eligible for assistance under ESFRLP, how applications for assistance will be ranked, what the terms of assistance are, and how the rehabilitation process will be managed. Triangle J Council of Governments has designed the ESFRLP project to be fair, open and consistent with its approved application for funding and with ESFRLP Program Guidelines.

The funds provided by NCHFA come from the US Department of Housing and Urban Development’s (HUD) Federal HOME Investment Partnerships Program. Assistance for construction-related costs (hard costs) will be provided as no interest, no payment loans which are forgiven at the rate of \$5,000 per year. Non-construction-related costs (soft costs including lead/asbestos inspections/clearances, radon testing and environmental reviews) will be provided in the form of a grant.

**EMERGENCY and HEALTH Notifications:** Due to the current COVID-19 pandemic, increased awareness of the need to protect Triangle J Council of Governments representatives and the homeowners they serve from various health related exposures has become more apparent than ever. Homeowners participating in the ESFRLP program must agree to follow all local, state and federal guidelines for emergency preparedness surrounding the COVID-19 pandemic and any other emergency declared that includes their property address for the duration of construction on the property.

**Who is Eligible to Apply?**

There are three major requirements to be eligible for ESFRLP assistance:

- 1) The housing unit to be rehabilitated with ESFRLP funds must be located within Chatham County and must be owner-occupied. The household occupying the unit must have an elderly, disabled and/or veteran (see definitions) fulltime household member or a child aged 6 or under threatened by lead hazards in the home;

**Definitions** under ESFRLP are:

- *Elderly*: An individual aged 62 or older.
- *Disabled*: A person who has a physical, mental or developmental disability that greatly limits one or more major life activities, has a document of such impairment, or is regarded as having such an impairment
- *Head of Household*: The person or persons who own(s) the house.
- *Household Member*: Any individual who is an occupant (defined below) of the unit to be rehabilitated shall be considered a “household member” (the number of household members will be used to determine household size and all household members are subject to income verification).
- *Occupant*: An occupant is defined as any immediate family member (mother, father, spouse, son/daughter of the head of household) who has resided in the dwelling unit for at least 3 months prior to the submission of the family’s application.
- *Veteran*: A person who is a military veteran, is defined as one who served in the active military, naval, or air service (i.e. Army, Navy, Air Force, Marine Corps, and Coast Guard; as a commissioned officer of the Public Health Service; or as a commissioned officer of the National Oceanic and Atmospheric Administration or its predecessors), and who was discharged or released there from under conditions other than dishonorable. Provide DD-214 form to demonstrate.
- *Emergency*: A situation in which a household member has an immediate threat of being evicted or removed from a home due to health or safety issues within a time frame that the program can complete a repair to stop eviction or removal. These applications will be received at any time during the funding cycle and elevated based on the ability of the program to complete the work in a timely manner that meets the goal of assisting homeowners to remain in their home. This may be documented with a doctor’s letter or eviction notice.

- 2) The gross annual household income must not exceed 80% of the Area Median Income for the County (see income limit table on the following page) and;

**2021 Income Limits\* for Chatham County’s  
Essential Single-Family Rehabilitation Loan Pool**

Number in Household	30% of Median Income	50% of Median Income	80% of Median Income
1	\$18,150	\$30,250	\$48,400
2	\$20,750	\$34,600	\$55,300
3	\$23,350	\$38,900	\$62,200
4	\$26,500	\$43,200	\$69,100
5	\$31,040	\$46,700	\$74,650
6	\$35,580	\$50,150	\$80,200
7	\$40,120	\$53,600	\$85,700
8	\$44,660	\$57,050	\$91,250

\*Income limits are subject to change based on annually published HUD HOME Income Limits. This update will not require a re-approval by the governing authority.

- 3) The cost of rehabilitation cannot exceed the ESFRLP Program limit of \$30,000 and must include all Essential Rehabilitation Criteria as described in the ESFRLP Administrator’s Manual for the 2021 Cycle (available online at [www.NCHFA.com](http://www.NCHFA.com)).

Unfortunately, not all homes can be rehabilitated to meet the Essential Rehabilitation Criteria with the limited funding available. Some otherwise-eligible households may be deemed ineligible for assistance because their homes fail this test. Recipients of assistance under ESFRLP will be chosen by the above criteria without regard to race, color, religion, national origin, sex, familial status and disability.

### **What Types Of Houses Are Eligible?**

Properties are eligible only if they meet all of the following requirements:

- The property must require at least \$5,000 of improvements to meet the more stringent of either the ESFRLP Property Standards or the local minimum housing code.
- Site-built and off frame modular units listed as real property are eligible for assistance. Manufactured housing is eligible for assistance if the foundation and utility hookups are permanently affixed including removal of all transporting equipment (e.g. wheels, axles, tongue) and installation of a full masonry foundation and tie-downs.
- No more than fifty percent (50%) of the total area of the unit may be used for an office or business (e.g. day care, hair salon, room rental, etc.). Program funds may only be used to improve the residential exterior, interior and systems portion of mixed-use buildings.
- The property must be free of environmental hazards and other nuisances as defined by all applicable codes or regulations, or any such hazards or nuisances must be corrected as part of the rehabilitation of the home. Triangle J Council of Governments' Rehabilitation Specialist will determine the presence of any known environmental hazards/nuisances on the site and if they can be removed through rehabilitation.
- Properties cannot be located in the right-of-way of any impending or planned public improvements. Triangle J Council of Governments' staff will assist in making this determination.
- The property cannot be located on a site that is endangered by mudslides, landslides or other natural or environmental hazards. If needed, the Rehabilitation Specialist will work with the homeowner to make this determination.
- The property may be located in the 100-year flood plain if the lowest finished floor level (verified by an elevation certificate provided by the homeowner) is above the base flood elevation and the property will be covered by flood insurance. The property must comply with Chatham County's flood plain ordinance. All things considered equal, properties located outside the 100-year flood plain will be given priority over properties located in the 100-year flood plain. Triangle J Council of Governments will verify whether the home is in the flood plain.
- Properties that have a known infestation of bed bugs, fleas, mites or any other ectoparasites will not be evaluated until the infestation has been eliminated.
- If any ESFRLP Program representative for the County suspects that the home is being used for criminal activity or the homeowners are engaging in criminal activity, the household will not be served. Properties that have been approved will be removed from the program if criminal activity is suspected. Homeowners that disagree with this decision must employ the complaint process outlined in the Assistance Policy.
- The property cannot have been repaired or rehabilitated with public funding of \$30,000 or more within the past 10 years without NCHFA approval.

**How are applications chosen?**

There are many more ESFRLP-eligible households (with eligible houses) than can be assisted with the available funds. Therefore, Triangle J Council of Governments, in coordination with Chatham County, has devised the following system to evaluate eligible applicants and determine which of them will be selected for assistance. Under this system applicants will receive points for falling into certain categories. To be funded, applicants must be awarded points under both the special needs and income categories. Applicants will be selected on a first come, first to qualify, first served basis. If there are more eligible applicants with eligible houses than can be treated with existing funding, Triangle J Council of Governments will rank applicants by total points to determine funding.

**Priority Ranking System for Triangle J Council of Governments' Chatham County  
2021 Essential Single-Family Rehabilitation Loan Pool**

<i>Special Needs (for definitions, see below)</i>	<i>Points</i>
Household with a child under age 6 with lead hazards in the home	5
Elderly Household Member (62 or older)	4
Disabled Household Member	4
Veteran Household Member	4
Multiple Disabled, Elderly or Veteran Household Members (more than 1)	2
<i>Income (See Income Table above)</i>	<i>Points</i>
Less than 30% of County Median Income	5
30% to 50% of County Median Income	4
50% to 80% of County Median Income	3

**What Are the Terms of Assistance Under ESFRLP?**

The form of ESFRLP assistance is a 0% interest, forgivable loan covering the hard costs associated with the rehabilitation of the home and a grant for the soft costs. These will be two separate documents or sets of documents.

The Loan: NCHFA will create loan documents for the homeowner(s) including a Promissory Note and Deed of Trust covering hard costs for the rehabilitation in an amount not to exceed \$30,000. This loan covering the hard costs remains 0% interest and forgivable at \$5,000 per year for as long as the owner resides in the home or until the balance is reduced to \$0. The term of the loan is dependent upon the loan amount and the number of years it takes to bring the balance of the loan to \$0 when forgiven at \$5,000 per year. For example, if the amount of the loan is \$21,452, then the term is 5 years (\$20,000 forgiven over the first 4 years and \$1,452 forgiven at the end of the 5<sup>th</sup> year). The maximum term of the typical loan will be six years.

As long as the borrower lives in the home, no payments on the loan will be required. If the recipient prefers, the loan can be paid off at any time to NCHFA, either in installments or as a lump sum payment. Furthermore, under certain circumstances NCHFA may allow assumption or refinancing of the loan.

Should an heir inherit the property and choose to live in the house as their permanent residence, they may assume the loan without being income eligible. However, the lien remains on the property as per the original loan terms.

A buyer who may wish to buy the property to live in may assume the loan so long as they can document that they are income-eligible ( $\leq$  80% AMI). Default can occur if the property is sold or transferred to another person and/or if the borrower fails to use the home as a

principal residence, without prior written approval of the North Carolina Housing Finance Agency.

The Grant: To pay for soft costs including application outreach/intake/management, environmental reviews/inspections/testing, and project assessment/documentation/estimating/bidding, NCHFA will create a Grant Agreement not to exceed \$10,000. The grant has no repayment or recovery terms.

### **What Kinds of Work Will Be Done?**

Each house selected for assistance must be rehabilitated to meet ESFRLP Rehabilitation Criteria. That means every house must, upon completion of the rehabilitation:

- meet the more stringent requirements of either NCHFA's Essential Property Standard or the local Minimum Housing Code (which is applicable if units are located within either Siler City or Pittsboro town-limits). These are "habitability standards" which set minimum standards for decent, safe and sanitary living conditions. Additionally, the home must meet applicable Lead-Based Paint regulations 24 CFR part 35.
- retain no "imminent threats" to the health and safety of the home's occupants or to the home's "structural integrity". (An example of an imminent threat to occupants as well as to the home's structural integrity is an infestation of insects or a crawlspace that is too damp).

These requirements are spelled out in full in the ESFRLP Administrator's Manual which you may view, at reasonable times, upon request, at the Triangle J Council of Governments' office by calling (919) 558-2710 or anytime online at [www.NCHFA.com](http://www.NCHFA.com).

In addition to the above items that must be done to satisfy NCHFA requirements, the scope of work may include approved items meant to reduce future maintenance and operational costs or to further protect homes from natural disasters and/or home modifications designed to enable greater accessibility for household members to function more independently as they age.

Once the rehabilitation is complete, major systems in the home that, with reasonable maintenance and normal use, should be capable of lasting another 5 years include: structural support, roofing, cladding and weatherproofing, plumbing, electrical and heating/cooling systems.

Of course, contractors performing work funded under ESFRLP are responsible for meeting all local requirements for permits and inspections. All work done under the program must be performed to meet NC State Residential Building Code standards. (This does not mean, however, that the whole house must be brought up to current Building Code Standards.) Upon the date of approval by Triangle J Council of Governments of the contractor's request for final payment, a one-year warranty on all materials and workmanship will begin.

### **What About Lead-based Paint?**

Until it was discovered to be a health hazard, lead was used for centuries to make house paints. Now we know that lead exposure is a serious problem for everyone and especially small children. Selling lead paint was outlawed in 1978, but many older buildings still contain lead paint and children are still being poisoned.

Under ESFRLP, a lead hazard evaluation must be performed on every home selected for rehabilitation that was built before 1978. The specific type of evaluation and the appropriate lead hazard reduction work performed will depend on the total amount of Federal funds used

to rehabilitate the home, as per 24 CFR part 35. If required, lead-based paint hazard reduction and/or abatement will be performed by contractors who are trained and certified to perform such work.

It may be necessary for the household to relocate during the construction process for protection against lead poisoning. If relocation is required, it shall be the responsibility of the homeowner to pay for the relocation.

**Who Will Do the Work On the Homes?**

Triangle J Council of Governments is obligated under ESFRLP to ensure that quality work is done at reasonable prices and that all work is contracted through a fair, open and competitive process.

To meet these requirements, Triangle J Council of Governments' Rehabilitation Specialist will invite bids only from licensed general contractors who are part of an "Approved Contractors Registry" with Rebuilding Together of the Triangle. For additional information about procurement and disbursement procedures, please refer to the Triangle J Council of Governments Procurement and Disbursement Policy for the 2021 Cycle.

All qualified members of the Approved Contractors Registry will be invited to bid on each job, and the lowest responsive and responsible bidder will be selected for the contract.

In the case of a unit needing work on a lead hazard, the Rehabilitation Specialist will utilize a general contractor with a Renovation, Repair, and Painting (RRP) Certificate.

Homeowners who know of quality rehabilitation contractors that are not on the approved contractors' registry are welcome to invite them to apply by contacting Triangle J's Rehabilitation Specialist.

For additional information about procurement and disbursement procedures, including the requirements of contractors a part of the Approved Contractors Registry, please refer to the ESFRLP21 Procurement and Disbursement Policy for Triangle J Council of Governments.

**What Kind of Outreach Efforts to Potential Applicants Will There Be?**

Triangle J Council of Governments plans to reach out to partner agencies in Chatham County such as senior centers, other nonprofits serving the community and human services agencies to let them know when the application window is open and ask for referrals of those that may qualify. Triangle J will advertise on our website, [www.tjcog.org](http://www.tjcog.org) as well. Additionally, information will be made available to the Triangle J Area Agency on Aging, which provides information about community services and support for older adult households and is housed within Triangle J Council of Governments.

Triangle J will also send applications to applicants who are currently on Rebuilding Together of the Triangle's waitlist for receiving assistance. Rebuilding Together of the Triangle is a home repair and rehab organization providing services within Chatham County and is a consultant to Triangle J for this project.

Triangle J will advertise in a local publication, such as the Chatham News and Record, in Chatham County.

**What Are The Steps In The Process, From Application To Completion?**

You now have information about how to apply for the Essential Single-Family Rehabilitation Loan Pool (ESFRLP) and what type of work can be done through the Program. Let's go through the steps for getting the work done:

- 1. Completing a pre-application form:** Homeowners who wish to apply for assistance may do so at any time during the year. If additional funds become available, applicants for funds will be evaluated on a rolling basis as well. Apply by contacting Jack Watson, Home Repair Specialist, at (919) 558-9394. Proof of ownership, income and special needs will be required. Those who have applied for housing assistance from Triangle J or RTT in the past will not automatically be reconsidered and must complete a new pre-application form.
- 2. Client Referral and Support Services:** Many homeowners seeking assistance through the Essential Single-Family Rehabilitation Loan Pool may also need other services. If the ESFRLP staff meet the homeowner during the application process, they will provide pamphlets and a list of the agencies with contact information for the resources and programs available in the County. For households that meet the requirements of the pre-application step and qualify to receive assistance through the ESFRLP program, additional verbal discussion will be offered during the Screening of applicants and/or Pre-rehab inspection steps of the program.
- 3. Preliminary inspection:** Triangle J Council of Governments' Rehabilitation Specialist will visit the homes of eligible households to determine the need and feasibility of the home for rehabilitation. Homeowners must inform staff of any known pest infestations prior to the visit. Triangle J and its' consultant staff has the right to deny an application based on health and safety concerns that may put their staff and/or contractors at risk.
- 4. Screening of applicants:** Applications will be evaluated by Triangle J Council of Governments based on the system outlined on page 4 and the feasibility of rehabilitating the house. Households to be offered assistance will be selected on a rolling basis. Household income will be verified for program purposes only (information will be kept confidential). NCHFA will verify ownership of the property by conducting a title search. Triangle J Council of Governments will then submit to NCHFA an ESFRLP Loan Application and Reservation Request for each potential borrower for approval. Applicants not selected for ESFRLP assistance will be notified in writing within 120 days of their application.
- 5. Written agreement:** A Homeowner Agreement, between the homeowner and Triangle J Council of Governments, will be executed as part of the Loan Application and Reservation Request procedure (that formally commits funds to a dwelling unit). This agreement will certify that the property is the principal residence of the owner, that the post-rehab value of the property will not exceed 95% of the 203(b) limits established by HUD and defines the ESFRLP maximum amount and form of assistance being provided to the homeowner, the scope of work to be performed, the date of completion and the rehabilitation criteria and standards to be met.
- 6. Pre-rehab inspection & unit evaluation:** Triangle J Council of Governments' Rehabilitation Specialist will visit the home again for a more thorough inspection. All parts of the home must be made accessible for inspection, including the attic and crawlspace. The owner should report any known problems such as electrical short circuits, blinking lights, roof leaks, etc. Each unit will be evaluated for energy-saving opportunities such as

air-sealing and duct-sealing as well as for environmental concerns, such as lead based paint hazards, radon and asbestos.

7. **Work write-up:** The Rehabilitation Specialist will prepare complete and detailed work specifications (known as the "work write-up"). A final cost estimate will also be prepared by the Rehabilitation Specialist and held in confidence until bids are received from licensed general contractors.
8. **Lead and Other Testing:** Triangle J Council of Governments' Rehabilitation Specialist will arrange for a certified firm to inspect all pre-1978 constructed homes for potential lead hazards (required) and asbestos hazards (as deemed necessary by the Rehabilitation Specialist in all homes built during, before and after 1978). All homes will be tested for radon. The owner will receive information covering the results of the tests and any corrective actions that will be needed as part of the rehabilitation.
9. **Bidding & Contractor selection:** Triangle J Council of Governments' Rehabilitation Specialist will use the bidding process outlined in the Procurement Policy in order to generate a pool of responsive, responsible contractors.
10. **Loan closing and contract execution:** Loan documents (Promissory Note and Deed of Trust) will be prepared by NCHFA as the lender and executed by the homeowner. By law, homeowners have the right to hire legal representation of their choosing at the loan closing. If a homeowner does not have "representation" at the closing, the borrower must sign a NCHFA "Legal Advice Disclosure". Rehabilitation contract documents will be executed by the homeowner and contractor with Triangle J Council of Governments signing on as an interested third party prior to the commencement of any construction. Triangle J Council of Governments will facilitate the loan closing and recordation of these documents and forward the recorded documents to NCHFA.
11. **Pre-construction conference:** A pre-construction conference will be held at the selected applicant's home. At this time, the homeowner and Rehabilitation Specialist will discuss the details of the work to be completed. Starting and ending dates will be finalized, along with any special arrangements such as weekend or evening work hours and disposition of items to be removed from the home. Triangle J Council of Governments will issue a "proceed order" formally instructing the contractor to commence work by the agreed-upon date.
12. **Construction:** Contractors awarded projects by Triangle J's Rehabilitation Specialist are responsible for obtaining general and subcontractor permits and posting all permits for the project before beginning work. Triangle J Council of Governments' Rehabilitation Specialist will closely monitor the contractor during the construction period and local Code Enforcement Officials will inspect the work when applicable. To protect personal property, the homeowner will be responsible for working with the contractor toward clearing work areas of personal property as needed as much as practicable. The contractor will be responsible for all clearing and cleaning activities necessary due to construction activities.
13. **Change Orders:** All changes to the scope of work must be approved by the owner, the contractor, the Rehabilitation Specialist and the Triangle J Council of Governments Program Administrator and reduced in writing as a contract amendment ("change order"). The owner, contractor and two Triangle J Council of Governments personnel must execute any change order agreements to the construction contract.

- 14. Payments to Contractors:** The contractor will submit bills to the Rehabilitation Specialist directly. Contractors will be paid following inspection of and satisfactory completion of all items on the work write-up, as well as, the receipt, by Rehabilitation Specialist, of the contractor's invoice and a release of liens, signed by any sub-contractors employed on the job and by all material suppliers from whom materials for the job were purchased. Contractors should allow 25 business days for processing of the invoice for payment.
- 15. Closeout:** Local Code Enforcement Officials will inspect the work for compliance with the NC State Building Code and the local minimum housing code, when applicable. All building inspections will be documented, and all inspection records will be retained in the client file. Once a final building inspection has been completed, and when the Rehabilitation Specialist and the Homeowner are satisfied that the contract has been fulfilled, the Homeowner, Project Administrator and Rehabilitation Specialist will sign off on the work. All material and workmanship will be guaranteed by the contractor for a period of one-year from the date of completion of the work as established by Triangle J Council of Governments' approval date of the final pay requisition. Triangle J Council of Governments will notify the homeowner in writing of this date.
- 16. Post-construction conference:** Following construction, the contractor and the Rehabilitation Specialist will sit down with the Homeowner one last time. At this conference the contractor will hand over all owner's manuals and warranties on equipment and materials to the homeowner. The contractor and Rehabilitation Specialist will go over operating and maintenance requirements for the new equipment, materials and appliances and discuss general maintenance of the home with the Homeowner. The Homeowner will have the opportunity to ask any final questions about the work.
- 17. Final loan amount determination:** If, upon completion of all rehabilitation work, the contract price has changed due to the effect of change orders and there is a need to modify the loan, NCHFA will prepare an estoppel for a loan reduction or modification agreement for a loan increase as necessary at the time of closeout of the unit. The loan will remain the property of NCHFA, with original documents remaining there for storage and "servicing". Please note that it is the responsibility of the homeowner to record an estoppel if they wish this to be reflected in the Deed of Trust.
- 18. The warranty period:** It is extremely important that any problems with the work that was performed be reported by the homeowner to the Triangle J Council of Governments' Rehabilitation Specialist or other representative, as soon as possible in writing. All bona fide defects in materials and workmanship reported within one year of completion of construction will be corrected free of charge by the Contractor.

**What are the key dates?**

If, after reading this document, you feel that you qualify for this program and wish to apply, please keep the following dates in mind:

- Applications available to the public starting October 1, 2021.

- Applications will be accepted and awarded on a rolling basis.
- All rehabilitation work must be under contract by December 31, 2023.
- All rehabilitation work must be completed by June 15, 2024.

**How do I request an application?**

Contact:

Jack Watson, Home Repair Specialist  
Triangle J Council of Governments  
4307 Emperor Boulevard, Suite 110,  
Durham, NC 27701  
Phone: (919) 558-9394  
Email: jwatson@tjcog.org

Or: pick up an application at Triangle J Council of Government's office located at 4307 Emperor Boulevard, Suite 110, Durham NC 27703. Due to COVID restrictions, you must call ahead and confirm ability to visit the office in person to pick up an application.

**Is there a procedure for dealing with complaints, disputes and appeals?**

Although the application process and rehabilitation guidelines are meant to be as fair as possible, Triangle J Council of Governments realizes that there is still a chance that some applicants or participants may dispute decisions, work completed or other issues. The following procedures are designed to provide an avenue for resolution of complaints and appeals.

During the application process:

1. If an applicant feels that his/her application was not fairly reviewed or rated and would like to appeal the decision made about it, he/she should contact Erika Brown, Housing Planner, within ten days of the initial decision and voice their concern.
2. If the applicant remains dissatisfied with the decision, the detailed complaint should be put into writing. A written appeal must be made within 15 business days of the initial decision on an application.
3. Triangle J Council of Governments will respond in writing to any complaints or appeals within 15 business days of receiving written comments.

During the rehabilitation process:

1. If the homeowner feels that construction is not being completed according to the contract, he/she must inform the contractor and the Rehabilitation Specialist, preferably in writing.
2. The Rehabilitation Specialist will inspect the work in question. If he finds that the work is not being completed according to the contract, the Rehabilitation Specialist will review the contract with the contractor and ask the contractor to correct the problem.
3. If the Rehabilitation Specialist finds that the work is being completed according to contract, the complaint will be added to the applicant's file. The Rehabilitation Specialist and the homeowner will discuss the concern and the reason for the Rehabilitation Specialist's decision.
4. If problems persist, the homeowner must put the concern in writing and a mediation conference between the homeowner and the Rehabilitation Specialist and facilitated by Triangle J Council of Governments.
5. Should the mediation conference fail to resolve the dispute, Triangle J Council of Governments' Program Administrator will render a written final decision.

Final Appeal:

After following the above procedures, any applicant or homeowner who remains dissatisfied with Triangle J Council of Governments' final decision may appeal in writing to Michael Handley, NCHFA, PO Box 28066, Raleigh, NC 27611-8066, (919) 877-5627.

**Will the personal information provided remain confidential?** Yes. All information in applicant files will remain confidential. Access to the information will be provided only to Triangle J Council of Governments employees who are directly involved in the program, the North Carolina Housing Finance Agency, the US Department of Housing and Urban Development (HUD) and auditors.

**What about conflicts of interest?** No employee or board member of Triangle J Council of Governments, or entity contracting with Triangle J Council of Governments, who exercises any functions or responsibilities with respect to the ESFRLP project shall have any interest, direct or indirect, in any contract or subcontract for work to be performed with project funding, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter. Relatives of Triangle J Council of Governments' employees or of Triangle J Council of Governments board members and others closely identified with Triangle J Council of Governments, may be approved for rehabilitation assistance only upon public disclosure before the Triangle J Council of Governments Board of Commissioners and with written permission from NCHFA.

**What about favoritism?** All activities under ESFRLP, including rating and ranking applications, inviting bids, selecting contractors and resolving complaints, will be conducted in a fair, open and non-discriminatory manner, entirely without regard to race, color, religion, national origin, sex, familial status and disability.

Who can I contact about the ESFRLP program? Any questions regarding any part of this application or program should be addressed to:

Jack Watson, Home Repair Specialist  
Triangle J Council of Governments  
4307 Emperor Boulevard, Suite 110,  
Durham, NC 27701  
Phone: (919) 558-9394  
Email: jwatson@tjcog.org

This Assistance Policy was originally adopted June 23<sup>rd</sup>, 2021, by Triangle J Council of Government's Board. Updates were made on November 17, 2021 by Triangle J's Executive Director.
